# VISION

## Business Overview

### Small, serviced offices to meet the working needs of small groups

Our offices are small, serviced offices that meet the needs of small groups such as startups, company satellite offices (e.g. for a special project), regional or overseas company bases and freelancers.

Streamlining business and boosting productivity through utilization of technology such as IoT is indispensable to the office of the future. More importantly, however, we value the mental health and personal preferences of our tenants and seek to provide environments where workers can be happy. Our pursuit is new-era offices that conform to each occupant, maximize individual potential and support the small businesses that will transform society.

**Happiness at work.**

# Features

## H1O Features

We protect people and information with personal spaces that ensure privacy and comfort.

### Up to 5 layers of security

Multi-layer security design prevents unauthorized entry by third parties, ensuring safety and peace of mind by protecting people and information, both important business resources.

### Individual HVAC\* in all rooms to optimize the environment for work

Each of the rooms is equipped with individual HVAC\* to allow every occupant to always work in comfort at their favorite temperature.\*Some properties may differ in specifications.

The office of your choice, for the way you want to work.

### Office size and interior customizable based on needs

Choose the best room size for your number of users, adjust wall partitions and add or take away furniture as needed.

### Flexible, needs-based office use

The standard fixed-term building lease agreement is two years (which may be terminated early with three months' notice) but we offer contracts as short as three months for projects. The rental offices and common areas are also accessible 24 hours a day, 365 days a year (excluding mandatory inspection days) for extremely flexible usage.

## Maximum comfort and convenience by combining IoT and human staff

### The future of work is here with our biometric authentication systems

Our offices utilize biometric (mainly facial) authentication to enable smooth, keyless, contactless access. This eliminates the risk of card key loss or duplication, providing comfort and safety.\*Your FeliCa card may also be used as a security card.

### Remote office management using IoT

Office HVAC and lighting can be controlled remotely using IoT technology. Sensors provide information on how crowded the shared lounges and restrooms are, making things even more convenient for you.

## An environment where workers can be happy, that supports individual mental health.

### Common areas for tenants intent on working

The common areas are designed to help workers switch on and off. Aromatic ventilation and showers provide a place to rejuvenate.\*Some properties do not have showers.

### Extensive soft services that stimulate the five senses

Tenant-only exercise and healthy food services support individual mental health. We also have plans for various trainings and events.
